PROFESSIONAL SUMMARY

Motivated Computer Science graduate with 4+ months of self-driven, hands-on frontend development experience. Built and deployed multiple real-world web applications using React.js, JavaScript (ES6+), and Tailwind CSS. Comfortable with Git & GitHub for version control. Seeking a junior frontend developer role to contribute, learn, and grow alongside an experienced team.

PROJECTS

- **E-Commerce Platform:** Built a responsive e-commerce platform using React.js and Tailwind CSS with product listing, cart, and checkout functionality. Implemented global cart state management using React Hooks (useState, useContext) for smooth user interaction.
- **Digital Clock:** Built a real-time application using React.js with automatic updates every second for live time display. Used React Hooks (useState, useEffect) and a component-based architecture for dynamic rendering and deployed on Vercel.
- **Weather App:** Built a weather application using React.js and OpenWeather API to fetch and display real-time weather data by city. Managed asynchronous API calls, loading states, and error handling using React Hooks for a smooth user experience.
- **Todo App:** Developed a task management application using React.js with add, complete, and delete functionality. Implemented state management and local storage persistence to maintain tasks across sessions.
- **Calculator App:** Built a fully functional calculator application using React.js for handling user input and arithmetic operations. Utilized React Hooks and component-based architecture, with live deployment on Vercel.
- **Social Media Dashboard:** Built a dashboard using React.js to display analytics, posts overview, and user engagement metrics. Used React Hooks and a component-based structure for dynamic data handling and deployed the project on Vercel.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js

Styling: Tailwind CSS, Responsive Design, Flexbox, CSS Grid

Tools: Git, GitHub, VS Code, Vercel (Deployment)

Currently Learning: Next.js, TypeScript

EDUCATION

Bachelor in Computer Science — COMSATS University Islamabad (Vehari Campus) | Feb 2022 – Jan 2026
